

# ◆ THE ◆ MYSTERY ROOMS

**Kids  
Birthdays**

## Who's it for?

### The Mystery Rooms is a great choice of birthday activity for kids.

With no prerequisite knowledge required, all you need is a creative mind and a desire to enjoy yourselves! We build our games family friendly, with no horror and provide as much support during the game as you or they need.

### Is it suitable for my child's party?

The Mystery Rooms is **not** a playground. We expect children to be attentive to instruction, polite to staff and respectful to The Mystery Rooms games. Mature minded children who enjoy working through creative challenges with their friends will have a great time.
